Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.

gonadoliberin - sheep
C;Species: Ovis orientalis aries, Ovis ammon aries (domestic sheep)
C;Date: 31-Dec-1991 #sequence_revision 31-Dec-1991 #text_change 18-M
C;Accession: A93780; A01411
R;Burgus, R; Butcher, M; Amoss, M; Ling, N; Monahan, M; Rivier, Proc. Natl. Acad. Sci. U.S.A. 69, 278-282, 1972
A;Title: Primary structure of the ovine hypothalamic luteinizing horn A;Reference number: A93780; MUID:72094314
A;Accession: A93780
A;Molecule type: protein
A;Residues: 1-10 <BUR>
A;Note: the natural and synthetic hormones have the same biological of comment: This hypothalamic hormones timulates the secretion of both C;Comment: This hypothalamic hormones have the same biological of c;Superfamily: gonadoliberin C;Superfamily: gonadoliberin

A; Molecule type: protein
A; Residues: 1-10 <LOV>
A; Residues: 1-10 <LOV>
C; Superfamily: gonadoliberin
C; Keywords: amidated carboxyl end; hormone; hypothalamus; pyroglutamic acid
F; 1/Modified site: pyrrolidone carboxylic acid (Gln) #status experimental
F; 10/Modified site: amidated carboxyl end (Gly) #status experimental
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  gonadoliberin I precursor - sharptooth catfish
N;Alternate names: gonadoliberin, catfish-type; gonadotropin-releasing hormone I (GnR:
N;Contains: gonadoliberin I; gonadoliberin I-associated protein form I; gonadoliberin
C;Species: Clarias garlepinus (sharptooth catfish)
C;Date: 30-Sep-1993 #sequence_revision 18-Mar-1997 #text_change 18-Jun-1999

gonadoliberin I precursor - chicken

N;Alternate names: gonadotropin-releasing hormone I

C;Species: Gallus gallus (chicken)

C;Date: 21-Feb-1997 #sequence_revision 21-Feb-1997 #text_change 16-Jul-1999

C;Accession: I50644; S33507

A; Reference number: A; Accession: I50644

R;Dunn, I.C.; Chen, Y.; Hook, C.; Sharp, J. Mol. Endocrinol. 11, 19-29, 1993

P.J.; Sang, H.M

preprogonadotrophin-releasing

hormone-I

A; Title: Characterization of the

zation of the chicken I50644; MUID:94059355 from GB/EMBL/DDBJ

hypothetical protein F1104.7 - Arabidopsis thaliana (fragment)
C;Species: Arabidopsis thaliana (mouse-ear cress)
C;Date: 26-Feb-1999 #sequence_revision 26-Feb-1999 #text_change 24-Mar-1999
C;Accession: T01937
R;Abu-Threideh, J.; Stoneking, T.; Langston, Y.; Trevaskis, E.
submitted to the EMBL Data Library, October 1998
A;Description: The sequence of A. thaliana F1104.
A;Reference number: 214466
A;Accession: T01937

      Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          Score
